Personal Protective Equipment

PRODUCT CATALOGUE

About

East Point International Technology Inc. (East Point) established in 2011, launched its enterprise by providing renewable energy consulting services throughout North America, proudly Canadian owned.

Throughout the years in the renewable energy sector, East Point has been able to establish strong connections and excellent working relationships with our clients in Asia. We used our well established connection to now help our client source and import products. Our small but dedicated team works closely with our prospective clients to provide approaches that are always practical, thoughtful, consistent, offering results that are facilitated promptly.

Business Services

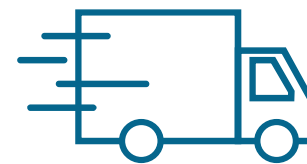

Sourcing

- Strategic sourcing
- Reputable manufacturer verification
- Factory screening
- Supplier relationship management
- Target price point achievement

Quality Control

- Manufacturer on-site audits
- Product On-site inspection
- Performance analysis
- 100% product compliance

Transportation and Delivery

- 100% supervised container loading
- Transportation cost optimization
- Damage reduction
- Order accuracy assurance
- Container post-load report and photos
- Just-in-time delivery

Customer Service

- Dedicated single point of contact
- Proactive client communication
- 100% Customer satisfaction guarantee

Product Information

Non-medical Disposable Mask

Product Name	3 Ply Disposable Face Mask
Product Function	Antibacterial protection, anti-dust protection, anti-odor protection, droplet protection
Product Certification	CE, FDA Registration Certificate
Product Type	Single Use Mask
Product Color	Blue/White
Product Structure	Non-woven fabric, melt-blown fabric, ear loop, and nose clip
Mask Dimension	17.5 cm x 9.5 cm
Mask Composition	Non-woven fabric (70%), Melt-blown fabric (30%) – Latex Free
Ear Loop Composition	Polyamide/Polyurethane
Nose Clip Composition	Polyolefin Resin
Quantity per Box	50 piece / per box
Box Dimension	20 cm x 10 cm x 10.5 cm
Carton Packaging Size	52 cm x 39 cm x 45 cm (40 boxes per carton)
Product Origin	China
Product Expiration Date	2 years

Children Non-medical Disposable Mask

Product Name	Children's 3 Ply Disposable Face Mask
Product Function	Antibacterial protection, anti-dust protection, anti-odor protection, droplet protection
Product Certification	CE, FDA Registration Certificate
Product Type	Single Use Mask
Product Color	Blue/White and Patterned
Product Structure	Non-woven fabric, melt-blown fabric, ear loop, and nose clip
Mask Dimension	14 cm x 9.5 cm
Mask Composition	Non-woven fabric (70%), Melt-blown fabric (30%) – Latex Free
Ear Loop Composition	Polyamide/Polyurethane
Nose Clip Composition	Polyolefin Resin
Quantity per Box	50 piece / per box
Box Dimension	17 cm x 10.5 cm x 9 cm
Carton Packaging Size	47.5 cm x 35 cm x 45 cm (40 boxes per carton)
Product Origin	China
Product Expiration Date	2 years

Product Information

Medical Disposable Face Mask

Product Name	Medical Disposable Face Mask
Product Function	Antibacterial protection, anti-dust protection, anti-odor protection, droplet protection
Product Specification	Bacterial Filtration Efficiency $\geq 95\%$; Differential Pressure (Pa/cm ²) < 49 ; Splash Resistance/ Synthetic Blood Resistance mmHg at 120
Product Certification	CE (EN 14683), FDA Registration Certificate
Product Type	Single Use Mask
Product Color	Blue/White
Product Structure	Non-woven fabric, melt-blown fabric, ear loop, and nose clip
Mask Dimension	17.5 cm x 9.5 cm
Mask Composition	Non-woven fabric (70%), Melt-blown fabric (30%) – Latex Free
Ear Loop Composition	Polyamide/Polyurethane
Nose Clip Composition	Polyolefin Resin
Quantity per Box	50 piece / per box
Box Dimension	20 cm x 10 cm x 10.5 cm
Carton Packaging Size	52 cm x 39 cm x 45 cm (40 boxes per carton)
Product Origin	China
Product Expiration Date	2 years

Product Information

KN95 Disposable Face Mask

Product Name	KN95 Disposable Face Mask
Product Function	Antibacterial protection, anti-dust protection, anti-odor protection, droplet protection
Product Specification	Commercial KN95 (GB2626-2006)
Product Certification	CE (EN 14683), FDA Registration Certificate
Product Type	Single Use Mask
Product Color	White
Product Structure	Non-woven fabric, Cotton filter, Anti-bacteria melt blown, ear loop, and nose clip
Mask Dimension	15.5 cm x 10.8 cm
Mask Composition	Non-woven fabric (38%), Cotton filter (35%), Anti-bacteria melt-blown Cloth (27%)
Ear Loop Composition	Polyamide/Polyurethane
Nose Clip Composition	Polyolefin Resin
Quantity per Box	40 piece / per box
Box Dimension	22.5 cm x 12.5 cm x 14 cm
Carton Packaging Size	52 cm x 39 cm x 45 cm (40 boxes per carton)
Product Origin	China
Product Expiration Date	2 years

Face Shield

Product Name	Face Shield
Product Function	Protection against aerosols, splashes, or splatter from hazardous material
Product Specification	Face Shields (YJ-005 & YJ-006)
Product Certification	FDA Registration Certificate
Product Type	Reusable Face Shield
Product Color	Blue (head strap) & Transparent (face shield)
Product Structure	Adjustable head strap and Polyethylene terephthalate (PET) face shield
Face Shield Dimension	24 cm high, 36 cm wide
Face Shield Description	One adjustable head strap and two PET shields (YJ-005) One adjustable head strap and ten PET shields (YJ-006)
Quantity per Carton	88 set / per carton
Carton Packaging Size	67 cm x 52 cm x 47 cm
Product Origin	China

Product Information

Non-Medical Vinyl Glove

Product Name	Vinyl Glove
Product Function	Reduce the risk of direct exposure to blood, body fluids, secretions and excretions, reduce the transmission of microorganisms, and prevent injury e.g. handling chemicals, disinfectant wipes, and waste
Product Specification	Non-sterile vinyl glove, powder free, latex free
